EMPLOYEE EVIDENCE BASED ON AGREEMENT

Name: MARTHEN CHRIST ESCARIO	Designation: IT PROGRAMMER	Date: May 07, 2026
Employment Status: Regular	Section/Department: IT	SITE: Alabang-HO

REASON

DATE OF INCIDENT
March 16, 2026

On Monday (March 16,2026), I logged out at around 5:40 PM instead of the required 6:00 PM, which resulted in undertime. This happened because I needed to attend to my baby at that time, and I also overlooked the remaining minutes of my shift before logging out. I acknowledge that despite the situation, I am responsible for ensuring that I complete my required working hours or properly communicate any need for early log-out.
